Street Lights

The standard residential street light shall be installed with the following changes:

1. The “West Valley City” text on the standard base shall be replaced by the name and/or logo of the development similar to what was done in Fairbourne Station.

Standard base text

Fairbourne Station base text and logo

2. The standard roof and finial shall be replaced with the roof, cage and finial shown in the picture below.

Standard roof and finial

Roof, cage and finial for development
