

I would like to nominate Cindy Hobbs.

Cindy is always willing to help and goes the extra mile for anyone that needs it. Something that stood out to me was when we were having the Employee BBQ, Cindy actually made everything so special. She made a beautiful ticket box for all the tickets to go inside and get all the employees excited to possibly winning. She was also a great organizer through out the event. I am not taking away from the others who contribute to making this a special day, but Cindy went above and beyond and made sure to even put the gifts together with nice wrapping. She is a great person to work with and I am happy to always run into her, because she can make you feel so important and cared for.

So my vote is for Cindy Hobbs.

Warm Regards,

Dulce Ramirez
