

Mike Haskell

After 3 + years working for the city. Mike has a dedication to performing his job to the best of his ability. He takes great pride in his work and seeks to protect WVC through his responsibilities. He is a great mentor and takes the time to help you understand, not only the how but the why. His knowledge and experience are a great asset to me and our department. Mike is willing to go above and beyond and make sure things get done right while keeping cost and impact to the public to a minimum. Truly, if Mike is not selected as EOM, It is my personal opinion, that it would be a tragedy.

Sincerely,  
Joseph Beck
