ISSUE:

Easement in favor of Kern River Gas Transmission Company.

SYNOPSIS:

As part of the Mountain View Corridor project the Utah Department of Transportation and Kern River Gas Transmission Company are requesting an easement in favor of Kern River Gas Transmission Company over a portion of Parkway Boulevard (2700 South).

BACKGROUND:

Currently Kern River Gas Transmission Company has natural gas transmission lines crossing Parkway Boulevard (2700 South) at approximately 5835 West. At the current crossing location on Parkway Boulevard (2700 South) West Valley City has prescriptive rights for the road. Construction of Mountain View Corridor will require the relocation of gas transmission lines westward which will cross Parkway Boulevard at a location within the West Valley City prescriptive right-of-way. Kern River Gas Transmission Company is requesting an easement from West Valley City for the new crossing location.

RECOMMENDATION:

Approve and authorize the Mayor to execute Easement in favor of Kern River Gas Transmission Company.
