ISSUE:

Easement in favor of Kern River Gas Transmission Company.

SYNOPSIS:

As part of the Mountain View Corridor project the Utah Department of Transportation and Kern River Gas Transmission Company are requesting an easement in favor of Kern River Gas Transmission Company over a portion of Burdock Drive (5860 West).

BACKGROUND:

Currently Kern River Gas Transmission Company has natural gas transmission lines running east of and parallel with Burdock Drive (5860 West) at approximately 5835 West on property owned by Utah Power & Light Company. Construction of Mountain View Corridor will require the relocation of gas transmission lines westward to property owned by the Utah Department of Transportation (UDOT). The relation will also cross a portion of Burdock Drive (5860 West) which is a dedicated to West Valley City street. Kern River Gas Transmission Company is requesting an easement from West Valley City to replace the easement it currently has with PacifiCorp.

RECOMMENDATION:

Approve and authorize the Mayor to execute Easement in favor of Kern River Gas Transmission Company.
