Sandy, UT 84070

Dear Mike,

The West Valley City Planning Commission voted on October 14, 2015 to recommend to the City Council an amendment to lots 10, 11, 14, and 15 of the West Valley Truck Center Subdivision. This application, S-23-2015, would modify the north/south property line separating these lots and also adjust the existing north/south public utility easement to coincide with the location of the amended property line located at 2374 South 5370 West.

Any conditions included with this approval will need to be satisfied one week prior to the date set for hearing before the City Council. You will be notified by the City Recorder of the date and time your application will appear on the City Council. If you have any comments or questions, please feel free to contact our office at 963-3311.

Sincerely,

Steve Lehman
Current Planning Manager
